

## BSc BIOMEDICAL SCIENCES (B940)

Programme offered at: Queen's Campus, Stockton.

Mode of study: this programme is available full-time and part-time.

### LEVEL 1 (Certificate)

1-2	Cell and Molecular Biology	<a href="#">BISS1212</a>	40
3	Biochemistry	<a href="#">BISS1231</a>	20
4	Data Handling and Study Skills	<a href="#">BISS1221</a>	20
5	Histology and Physiology	<a href="#">BISS1181</a>	20
6	Microbiology	<a href="#">BISS1171</a>	20

### LEVEL 2 (Diploma)

1	Laboratory Pathology	<a href="#">BISS2231</a>	20
2	Clinical Endocrinology and Biochemistry	<a href="#">BISS2211</a>	20
3	Haematology and Immunology	<a href="#">BISS2251</a>	20
4	Pharmacology	<a href="#">BISS2141</a>	20
5	Metabolic Biochemistry and Molecular Genetics	<a href="#">BISS2241</a>	20
6	Human and Applied Physiology	<a href="#">BISS2221</a>	20

### Notes:

During Level 2 students may request to transfer to the BSc (Hons) degree in Biomedical Sciences with Placement Year. Approval for transfer will lie with the Biomedical Sciences Subject Management Board.

### LEVEL 3 (Degree)

1-3	EITHER	Biology of Disease with Project	<a href="#">BISS3133</a>	60
	OR	Biology of Disease with Laboratory Project	<a href="#">BISS3123</a>	60
4-5		Infection and Immunity	<a href="#">BISS3142</a>	40
6		Neuroscience	<a href="#">BISS3091</a>	20
