

BSc MOLECULAR MEDICINE

Programme offered at: Queen's Campus, Stockton.

Mode of study: this programme is available full-time.

1. This programme is only available to students studying on the MBBS programme at the University of Durham or the University of Newcastle upon Tyne. Candidates must have successfully completed the MBBS Phase I so as to be eligible to progress to Phase II of the MBBS, before commencing the BSc (Hons) Molecular Medicine. Candidates must have passed their Level 2 examinations at the first attempt to be eligible to commence the BSc (Hons) Molecular Medicine.
2. A candidate's final degree classification is calculated on the basis of an average of marks gained at this level of study only. Otherwise, final degree classification is in line with the core regulations for undergraduate programmes.
3. Performance in the BSc (Hons) Molecular Medicine has no bearing upon a candidate's progression from Phase I to Phase II of the MBBS programme.

LEVEL 3 (Degree)

1-2	Molecular Basis of Disease (Molecular Medicine)	BISS3152	40
3	Neuroscience (Molecular Medicine)	BISS3161	20
4-5	Research Project	BISS3172	40
6	Research Skills in Molecular Medicine	BISS3181	20
