1. Programmes offered at: Queen's Campus, Stockton
2. Mode of study: MSc full-time (12 months), part-time (24 months); Postgraduate Diploma full-time (9 months), part-time (18 months); Postgraduate Certificate full-time (3 months), part-time (6 months)
3. The admissions criteria for these programmes are a good second class honours degree or international equivalent OR professional qualification or two years relevant work-based experience. A pass at Grade C or above in mathematics at GCSE level or equivalent is also required. Applicants without a degree will be required to demonstrate sufficient academic capability to satisfactorily complete their programme. This may entail submission of a portfolio of work or a 2,000 word essay on a nominated topic. Students without a Grade C pass at GCSE level or equivalent maybe required to complete a mathematical exercise.
4. Candidates whose first language is not English will normally be required to possess recent English Language test scores of 7.0 or above in IELTS (with a writing band of at least 6.0) or a minimum overall score of 600 TOEFL (with a TWE of at least 5.0).
5. Programme of study:

Working Strategically with Mental Health Service Users *	SOCl40215	15	O	4

* Not offered in 2007/2008

- A. For the award of MSc in each programme stream, candidates must study and be assessed in modules to the value of 180 credits. Candidates must take all the modules listed in Section A and all modules listed in Section B for the relevant programme stream. The balance of credit points must be derived from modules listed in Section C.
 - B. For the award of Postgraduate Diploma in each programme stream, candidates must study and be assessed in modules to the value of 120 credits. Candidates must take all the modules listed in Section A with the exception of the dissertation and all modules listed in Section B for the relevant programme stream. The balance of credit points must be derived from modules listed in Section C.
 - C. For the award of Postgraduate Certificate for each programme stream, candidates must study and be assessed in modules to the value of 60 credits. The 60 points must include all modules in Section B for the relevant programme stream. The balance of credit points may be derived from either Section A or Section C. For the PGC in Medical Education the additional credit points must come from the Qualitative Health Research Methods module in Section A.
6. Assessment in the Integrated Health Sciences assessment is assignment based. Modes of summative assessment may include written assignments, assessed course work, and a reflective diary and/or log book.
 7. Full time candidates must submit by not later than 12 September 2008 a dissertation ([HEAS40160](#) or [SOCl40160](#)) of not more than 10,000 words.
