5. Before proceeding to the dissertation, candidates are normally required to have passed modules to the value of at least 75 credits. For the MSc Accounting and Finance these must include 'Research Methods', and either 'Quantitative Research Methods' or 'Econometrics I'. For all other degrees these must include: 'Econometrics I'; 'Econometrics II' or 'Financial Modelling and Business Forecasting'; and two other core modules; plus 'Research Methods'.
6. All module retakes shall normally take place at the next normal occasion except where specified in 7 below.
7. Candidates who have failed modules which are not required for progression to the dissertation may elect to be re-assessed in those modules in the September following the first occasion of assessment. The re-examination period shall take place after the dissertation submission date.
8. No more than 75 credits may normally be undertaken in each of Term 1 and Term 2.
9. Candidates in their final year must submit, by no later than 5 September 2008, a dissertation ([ECON51845](#)) of not more than 9,000 words including footnotes and endnotes, but excluding title page, contents page, acknowledgments, diagrams, tables, bibliography, references and appendices .
