

GENERAL REGULATIONS FOR THE BA and BSc PRIMARY EDUCATION

1. Candidates who wish to be admitted to read for the degrees of BA or BSc with Honours in Primary Education, must satisfy the following requirements:
 - (i) Before admission to the programme, candidates must have obtained a GCSE pass at Grade C or above in English Language and Mathematics. Candidates born on or after 1 September 1979 must also have obtained a GCSE pass at Grade C or above in a Science subject. A pass in the Certificate of Secondary Education at Grade 1 in each of these subjects, or such other qualifications as Senate may approve as demonstrating an equivalent level of attainment in the use and understanding of English Language, Mathematics and Science will also be acceptable.
 - (ii) Candidates for admission to the programme must be able to satisfy the Chair of the Board of Studies in Education that they are suitable to undertake a course of initial training for the teaching profession. Students must continue to demonstrate medical fitness and their suitability for working with children under prevailing Department for Education and Skills (DfES) guidelines for the Protection of Children throughout the course.
 - (iii) Candidates will be required to meet any other special requirements for admission to a course of initial teacher training imposed from time to time by the DfES.
 2. This programme is offered with Qualified Teacher Status (QTS) which is obtained through a separate and concurrent study programme. By registering for the BA (Hons) or BSc (Hons) in Primary Education candidates are expected to undertake both the degree and the QTS programmes in all three years of the degree.
 3. Candidates who qualify for the award of the degree under the regulations will in addition be accorded QTS by the DfES provided that they satisfy the examiners that they have met the prevailing government requirements for QTS through successful completion of Core Issues and Skills and Curriculum Studies, assessed school practice and any externally administered tests required by the DfES. Students who have satisfied the examiners in all parts of the Final Honours Examination may still be awarded the degree having failed to successfully complete the programme required to gain QTS. Candidates ineligible for the award of an Ordinary degree are ineligible for the award of QTS.
 4. Candidates are required to undertake periods of supervised school experience and school practice, some of which may take place outside University term time. Assessment will be based upon the performance of candidates throughout the whole of the programme, with particular reference to their performance in the final school placement. This final practice shall take place during the final year. In assessing the performance of candidates in practical teaching, the examiners shall take into consideration reports on their teaching from the schools in which they have undertaken their placements and other reports which may have been prepared by the appropriate School Training Centre Co-ordinator.
 5. Candidates may be allowed to repeat the examination in school practice that is required to obtain QTS from the DfES. This re-examination will only be granted at the discretion of the QTS Board of Examiners on one occasion only and within one year of completing the programme. Candidates shall be required, before re-examination, to have completed a further period of supervised school experience, the timing and duration of which will be determined by the QTS Board of Examiners. Where the QTS Board of Examiners exercises its discretion in this way, the candidate's opportunity for re-examination is subject to the Chair of the Board of Studies being able to find a school which s/he deems appropriate, for the periods specified by the QTS Board of Examiners.
 6. A candidate whose performance in school practice or aspects of whose general conduct give cause for concern at any time may be referred to the QTS Review Panel. Candidates who are judged by the QTS Review Panel to be unsuitable for QTS, may be required to withdraw from the QTS programme at any time by the Dean, on the recommendation of the QTS Review Panel.
 7. Where termination of the candidate's QTS element of the programme under regulation 6 is being considered, the Dean, on the recommendation of the Chair of the Board of Studies, shall be able to suspend the candidate's QTS programme at the time the candidate is informed that the QTS Review Panel will be considering termination of his or her QTS programme.
-

**BSc PRIMARY EDUCATION FOR INFORMATION AND COMMUNICATIONS TECHNOLOGY
SPECIALISTS (X1G5)**

[Last intake of students October 2006]

Programme offered at: Queen's Campus, Stockton.

Mode of study: this programme is available full-time.

LEVEL 1 (Certificate)

1	English for Primary Teaching 1	EDUS1631	20
2	Maths for Primary Teaching 1	EDUS1611	20
3	Science for Primary Teaching 1	EDUS1591	20
4	EITHER Information Technology and Study Skills for Education Students	EDUS1641	20
	OR Advanced Information Technology and Study Skills for Education Students	EDUS1651	20
5	Information and Communications Technology 1	EDUS1431	20
6	Development and Learning in the Very Early Years	EDUS1581	20

In addition, in order to meet government criteria for the award of Qualified Teacher Status, students must study and be assessed in the following:

Core Issues and Skills and Curriculum Studies
