

BSc ECOLOGY (C183)
[with industrial placement]
[Last intake of students October 2006]

Programme offered at: Durham.

Mode of study: this programme is available full-time.

LEVEL 1 (Certificate)

1-2	Introduction to Molecular and Cell Biology	Withdrawn	40
3-4	Introduction to Whole Organisms and the Environment	Withdrawn	40
5-6	Open modules to the value of 40 credits, with timetable compatibility		

LEVEL 2 (Diploma)

1	Field and Experimental Biology	Withdrawn	20
2	Evolutionary Biology	Withdrawn	20
3	Animal Biology	Withdrawn	20
4	Plant Biology	Withdrawn	20
5	Patterns and Processes	Withdrawn	20
6	Pure and Applied Population Ecology	Withdrawn	20

Year 3 (Industrial Placement)

Year spent in industrial placement [40 weeks]

LEVEL 3 (Degree)

1	Field Course	BIOL3161	20
2	Contemporary Issues in Ecology (P)	BIOL3391	20
3	Behavioural and Evolutionary Ecology (Lit)	BIOL3351	20
4	Conservation Biology (Lit)	BIOL3331	20
	<i>For students taking research project:</i>		
5	Health and the Environment (L)	BIOL3251	20
6	Palaeoecology (L)	BIOL3181	20
	<i>For students taking the Biological Enterprise option:</i>		
5	Health and the Environment (BE)	BIOL3241	20
6	Palaeoecology (BE)	BIOL3191	20

Notes:

During the Third Year candidates must undertake not less than 40 weeks in industry or in a research institution engaged in placement work approved by the Board of Studies in Biological Sciences. During the placement student progress will be monitored through two interviews with the University supervisor, and assessed by a written dissertation and oral presentation on return to Durham. These assessments do not contribute to the marks used to determine the award of the degree but successful completion is required to qualify for Honours in Ecology with Industrial Placement.
