# Compulsory with route one.

\* Compulsory with route two.

† Module taken by students eligible for additional TDA money to fund their compulsory placement in France.

6. The mode of assessment is by written assignments. During the full-time PGCE year, students will submit assignments on specified dates as set out by the Programme Leader.
7. Candidates meeting the requirements for the award of the Postgraduate Certificate Education or Graduate Diploma Education (Professional Graduate Certificate in Education), at the conclusion of the first year of the course, will be recommended to the GTC for the award of Qualified Teacher Status, subject to passing any other requirements set by the DfES. They are not awarded with distinction. The Level 4 must be passed in order to be awarded a Postgraduate Certificate. If the module is failed and, upon re-examination failed a second time, or the candidate chooses not to be awarded the Postgraduate Certificate, the candidate shall be re-registered for the Teaching and Learning in the Curriculum module (Level 3) ([EDUC30130](#)) and/or the Self Directed Study module (Level 3) ([EDUC30120](#)) and the work assessed against the outcomes for this module and awarded a mark in accordance with the Core Regulations for Graduate Diplomas. In cases where Board of Examiners deems the module to have been passed at Level 3, the candidate will be allowed to exit the programme with the award of Graduate Diploma Education (Professional Graduate Certificate in Education).
8. A candidate whose performance in school practice or aspects of whose general conduct are judged by the Chair of the Board of Studies in Education, after consultation with the Course Director, appropriate members of the School of Education and any relevant teachers and head teachers, to be indicative of unsuitability for Qualified Teacher Status, shall be regarded as having failed to fulfil their academic commitments and may ultimately be required by the Deputy to the Head (Postgraduate) of the Faculty of Social Sciences and Health, on the recommendation of the Chair of the Board of Studies in Education, to withdraw from the programme.
9. Where termination of a candidate's programme under the above regulation is being considered, the Deputy to the Head (Postgraduate), on the recommendation of the Chair of the Board of Studies in Education, shall be able to suspend a candidate at the time when the candidate is informed that the Deputy to the Head (Postgraduate) will be considering termination of his or her programme. Such a suspension shall be imposed only if, in view of the Deputy to the Head (Postgraduate) and the Chair of the Board of Studies in Education, the general conduct of the candidate was such that, had the candidate been a member of staff in a school, the Head Teacher would have suspended the individual concerned.
10. Candidates must have attained the standards for recommendation to the GTC for Qualified Teacher Status in order to exit with a Postgraduate Certificate Education or proceed to a Postgraduate Diploma/MA Education.
11. Candidates who have completed at least the two Level 4 modules Teaching and Learning in the Curriculum and Self Directed Study and a further Level 1 or 3 module may exit without QTS with a Postgraduate Certificate in the Theory of Education (X9K414).
12. Candidates for the Postgraduate Certificate Education who are unsuccessful in the Practical part of the examination [School Placement] may, at the discretion of the examiners, present themselves for re-examination on one occasion only, after a period of supervised teaching practice, the duration and timing of which is at the discretion of the Board of Examiners. Wherever the Board of Examiners exercises discretion in this way, the candidate's opportunity for re-examination is subject to the Chair of the Board of Studies being able to find a school which he/she deems appropriate, for the periods specified by the Board of Examiners.
13. The school placement, including supervised teaching practice, will be undertaken in partnership schools or other institutions approved for that purpose in the first year of the programme. School-based experience, including supervised teaching practice, shall be in accordance with the requirements of the DfES, and any requirements specified by the Board of Studies. The experience will be not less than 18 weeks for the Primary route and 24 weeks for the Secondary.

14. In the course of the school placement, and in the context of lessons observed, candidates must demonstrate that they have reached a level of attainment, in relation to a range of professional standards, appropriate to a newly qualified teacher. The examiners, in assessing a candidate's progress and performance in the school-based part of the examination shall take into consideration reports on a candidate's teaching from school-based tutors (teachers) in the partnership schools in which the supervised experience has been undertaken and from tutors in the School of Education.
15. Candidates who wish to proceed to the MA Education (QTS) programme must have successfully completed the requirements of the Postgraduate Certificate Education (QTS).
16. Candidates taking a dissertation ([EDUC56660](#)), in the final year of the MA, must submit by no later than 10 September 2010, a dissertation of not more than 15,000 words, (excluding footnotes and bibliography).
17. Students during the PGCE year who achieve a mark of less than 50% in any taught module at the first attempt will resubmit at the next occasion as stated on a date stipulated in the course handbook.
