

BSc ECOLOGY (C183)
[with industrial placement]
[Last intake of students October 2006]

Programme offered at: Durham.

Mode of study: this programme is available full-time.

LEVEL 1 (Certificate)

1-2	Introduction to Molecular and Cell Biology	Withdrawn	40
3-4	Introduction to Whole Organisms and the Environment	Withdrawn	40
5-6	Open modules to the value of 40 credits, with timetable compatibility		

LEVEL 2 (Diploma)

1	Field and Experimental Biology	Withdrawn	20
2	Evolutionary Biology	Withdrawn	20
3	Animal Biology	Withdrawn	20
4	Plant Biology	Withdrawn	20
5	Patterns and Processes	Withdrawn	20
6	Pure and Applied Population Ecology	Withdrawn	20

Year 3 (Industrial Placement)

Year spent in industrial placement [40 weeks]

LEVEL 3 (Degree)

1	Behavioural and Evolutionary Ecology	BIOL3561	20
2	Global Change Biology	BIOL3541	20
3	Field Course	BIOL3161	20
4	Literature Review	BIOL3451	20
5	EITHER Conservation Biology	BIOL3551	20
	OR Stress and Responses to the Environment	BIOL3491	20
	OR Biology into Schools	BIOL3431	20
6	EITHER Research Project	BIOL3461	20
	OR Biological Enterprise	BIOL3441	20

Notes:

During the Third Year candidates must undertake not less than 40 weeks in industry or in a research institution engaged in placement work approved by the Board of Studies in Biological Sciences. During the placement student progress will be monitored through two interviews with the University supervisor, and assessed by a written dissertation and oral presentation on return to Durham. These assessments do not contribute to the marks used to determine the award of the degree but successful completion is required to qualify for Honours in Ecology with Industrial Placement.
