5. Before proceeding to the dissertation, candidates are normally required to have passed core modules to the value of at least 45 credits.
6. There will be an assessment period in January/February for modules that are delivered in Term 1. All module retakes shall normally take place at the next normal occasion except where specified below.
7. Candidates who have failed modules which are assessed in the January/February and/or May/June assessment period and who have the right to a resit, may elect to be re-assessed in the following August assessment period. The outcome of the re-assessment will not be confirmed until after the dissertation submission date and therefore candidates who have failed modules which are required for progression to the dissertation, but meet the progression requirements upon re-assessment, may elect to submit their dissertation in the following January/February as an alternative to the next normal occasion.
8. No more than 75 credits may normally be undertaken in each of Term 1 and Term 2.

9. Candidates must submit, by no later than 2 September 2011, a dissertation (ECON40045) of not more than 9,000 words including footnotes and endnotes, but excluding title page, contents page, acknowledgments, diagrams, tables, bibliography, references and appendices. Candidates who fail the dissertation on first submission in September may elect to resubmit in the following January/February as an alternative to the next normal occasion.
