

These programme regulations should be read in conjunction with the University's [core regulations for undergraduate programmes](#), and the [marking and classification conventions for undergraduate programmes](#).

International Foundation Year (Y001)

1. This programme is available at Durham City or Queen's Campus, in full- and part-time modes of study.

Level 1 (Certificate)

2. Candidates shall study and be assessed in modules to the value of 20 credits from List A depending on their level of English:

List A:		Credit value
Preparation for Academic Study in English	FOUN0451	20
Key Skills and Language for Higher Education	FOUN0371	20

3. Candidates shall also study and be assessed in modules to the value of 100 credits from List B:

List B:		Credit value
Anatomy, Physiology and Disease	FOUN0431	20
Anthropology of the Family and Childhood	FOUN0217	10
Anthropology of the Family and Childhood	FOUD0257	10
Basics of Clinical Skills for Medics	FOUN0597	10
Chemical Applications (Combined)	FOUN0471	20
Chemical Applications (Combined)	FOUD0331	20
Chemical Applications 1	FOUN0147	10
Chemical Applications 1	FOUD0177	10
Core Foundation Biology 1	FOUN0437	10
Core Foundation Biology 2	FOUN0457	10
Core Foundation Biology (Combined)	FOUN0391	20
Core Foundation Chemistry	FOUN0411	20
Core Foundation Chemistry	FOUD0051	20
Core Foundation Maths for Scientists	FOUN0361	20
Core Foundation Maths for Scientists	FOUD0041	20

Psychology of Thinking and Learning	FOUN0517	10
Scientific Imaging	FOUN0537	10
Studying Society	FOUN0177	10
Studying Society	FOUD0127	10

Assessment, progression and award

- The International Foundation Year consists of modules to the value of 120 credits at Level 0. Following satisfactory completion a student is eligible for the award of an International Foundation Year Certificate;
- The International Foundation Year may be taken by one year of full-time study or up to two years of part-time study. International Foundation Year modules are half-modules to the value of 10 credits each, or whole modules of 20 credits each;
- To pass the International Foundation Year a student must study, be assessed in and pass the assessment of modules at Level 0 to the value of 120 credits. Each 10-credit or 20-credit module must be passed with an overall mark of 50% at the first or second attempt;
- A student who fails any of the Level 0 assessment, to a maximum of 120 credits, at the first attempt is allowed one further attempt to pass by re-sitting the failed element(s) of the failed assessment component(s) of each failed module;
- The Pass List issued following the examinations at the end of the academic year shall indicate students who are required to be re-examined. For each student the Board of Examiners concerned shall specify which modules have been failed, which module assessment element(s) must be re-examined, and the form of the re-sit examination;
- A student must make his/her first attempt at the assessment of a module during, or at the end of, the academic year in which the module was studied. The re-sit (without repeating the module itself) will normally be in the August/September following the first attempt;
- The Pass Lists for the Level 0 assessment in May/June and in August/September shall list the names of students who have satisfactorily completed their International Foundation Year.
