**Assessment, progression and award**

10. Students who do not have A-Level Chemistry are required to take BIOL1141. Students with A-Level Chemistry at Grade C or above will not normally be allowed to take this module.
11. Modules marked with a # must be passed at 40% or above in order to progress to the Ordinary Degree at the next level.
12. During the third year candidates must undertake full time study in an academic institution ("host") approved by the Board of Studies in Biological and Biomedical Sciences. During the year abroad student progress will be monitored through assessments and examinations set by the host institution. These assessments do not contribute to the marks used to determine the award of the degree but successful completion is required to qualify for the award of BSc (Hons) Zoology with Year Abroad.
