### Assessment, progression and award

- At Level 1 students are required to attend a residential field course that is usually held in the Easter vacation.
- At Levels 2 and 3 students are required to attend a field course if specified as part of a module.
- Modules marked with a ~ must be passed at 40% or above in order to progress to the Ordinary degree at the next Level. A mark of 30-39% cannot be compensated.
- Students are required to take modules marked with a Φ if they do not have AS-Level Mathematics or equivalent at Grade B or above.
