A credit-bearing language module to the value of 20 credits offered by the Centre for Foreign		20

Language Studies

Assessment

9. Candidates will normally progress through the programme by taking core modules before option modules and will normally submit the dissertation of not more than 15,000 words after attempting all core and option modules.
10. Progression will depend upon satisfactory performance in assessment of modules, as follows:
 - a) Within the time-limits set out in paragraph 1 above, the minimum rate of progress without requiring the formal approval of the Postgraduate Faculty Education Committee shall be: modules to a total of 45 credits attempted by the end of one full year of registration; modules to a total of 90 credits attempted by the end of two full years of registration; modules to a total of 135 credits attempted by the end of three full years of registration; modules to a total of 180 credits attempted by the end of four full years of registration; modules to a total of 240 credits attempted by the end of five full years of registration. Within these limits, a candidate may split or defer assessment, subject to approval by the Programme Director.
 - b) Approved candidates may initially register for the programme at any time in the year and will be formally enrolled at the next entry point (October or April). Thereafter students will be required to register at the start of each academic year. Enrolment (the payment of fees and the undertaking to start study directed to an examination occasion) must be completed not less than six months before the relevant date of examination.
 - c) Candidates are required, as a condition of enrolment and maintaining registration with the University, to pay all tuition fees as may from time to time be approved.
 - d) Enrolment is by module, normally to a minimum value of 45 credits in any year (i.e. in two successive occasions of enrolment).
11. Candidates will normally be required, as part of their programme of study, to attend a residential component in Durham, or in other approved centres. Any exception shall require the prior approval of Postgraduate Faculty Education Committee.
12. Candidates will normally be permitted to undertake up to three modules via other modes of MBA delivery and be assessed in accordance with the assessment specified in the relevant module outline(s).
13. All module retakes shall normally take place at the next normal occasion except where specified below.
14. Candidates for MBA programmes who fail to satisfy the requirements for the award of MBA but who have achieved 180 credits at Masters level, including a Masters level pass in the Dissertation, shall be awarded the degree of Master of Arts in Business Administration (N1KE07) as an exit qualification.
15. Candidates for MBA programmes who fail to satisfy the requirements for the award of MBA but who have achieved 120 credits, shall be awarded the Postgraduate Diploma Business Administration as an exit qualification.
16. Candidates for MBA programmes who fail to satisfy the requirements for the award of MBA or Postgraduate Diploma but who have achieved 60 credits, including 45 credits from the modules marked # and 15 credits from the modules marked Δ in Section A, shall be awarded the Postgraduate Certificate Business Administration as an exit qualification.
17. With regard to assessment:
 - a) It is expected that candidates will be assessed at the first ordinary occasion following enrolment. Candidates will thus be automatically registered for assessment at the point of enrolment.
 - b) Examinations shall be held in Durham and in such other centres as may be approved by the University, normally twice a year.
 - c) The Board of Examiners *may* permit a candidate who has failed up to two taught modules to register or to continue to be registered for assessment in subsequent module(s) of the programme. Candidates for MBA programmes will be required to be re-examined in the module(s), normally on the next ordinary occasion of the examination.
 - d) Candidates for MBA programmes who fail modules to the value of 45 or more credits must be re-examined in those modules, normally at the next occasion, before assessment in further modules is permissible. In such cases candidates already registered for assessment in other modules may defer assessment to the next ordinary occasion without penalty.

- e) Candidates who were initially registered for the Postgraduate Certificate Business Administration (N1KS14) who successfully complete the programme requirements at Masters level may choose *either* to be admitted to further study on an MBA programme *or* to be awarded the Postgraduate Certificate.
18. The requirement for the award of Master of Business Administration (Finance) with Distinction shall be as follows:
- (a) the achievement of an overall weighted average mark of at least 70% across all the modules taken, to the value of 240 credits, including:
 - (b) the achievement of a mark of 70% or more in the dissertation.
19. The requirement for the award of Master of Business Administration (Finance) with Merit shall be the achievement of an overall weighted average mark of at least 60%, but where the candidate did not meet the criteria for the award of a distinction.
20. Candidates must submit a dissertation of not more than 15,000 words on a finance-related topic.
21. Modules up to the value of 45 credits, but excluding those marked with a ~, may be compensated in order to achieve the award of MBA (Finance) (Global) provided a mark of not less than 40% has been obtained in each of the modules to be compensated, and the overall average mark for all the modules taken, including the module(s) to be compensated, is at least 50%.
22. Modules up to the value of 30 credits may be compensated in order to achieve the award of Master of Arts in Business Administration or Postgraduate Diploma Business Administration provided a mark of not less than 40% has been obtained in each of the modules to be compensated, and the overall average mark for all the modules taken, including the module(s) to be compensated, is at least 50%.
23. Modules up to the value of 15 credits, but excluding those marked with a #, may be compensated in order to achieve the award of Postgraduate Certificate Business Administration provided a mark of not less than 40% has been obtained in each of the modules to be compensated, and the overall average mark for all the modules taken, including the module to be compensated, is at least 50%.
24. Candidates who select a CFLS credit-bearing language module must select 245 credits in total.

Accreditation

25. The Master of Business Administration (Finance) is accredited by the Association of MBAs (AMBA) for a period of five years from 2013.
