#### Assessment, progression and award

7. Modes of assessment will include written examinations and coursework.
8. Candidates will normally progress through the programme by taking core modules before optional modules and will normally submit the dissertation of not more than 12,000 words after attempting all core and optional modules. Candidates may, however, enrol on optional modules after attempting core modules to the value of 60 credits and may enrol and be assessed in the dissertation after attempting core modules to the value of 75 credits including Research Methods.
9. Progression will depend upon satisfactory performance in assessment of modules as follows:
  - a) within the time-limits set out in paragraph 2 above, the minimum rate of progress without requiring formal approval of the Postgraduate Faculty Learning and Teaching Committee shall be: modules to a total value of 45 credits attempted by the end of one full year of registration; modules to a total value of 90 credits by the end of two full years of registration; modules to a total value of 135 credits by the end of three full years of registration. Within these limits, a candidate may split or defer assessment, subject to approval by the Programme Director.

- b) approved candidates may initially register for the programme at any time in the year and will be formally enrolled at the next entry point (October or April). Thereafter students will be required to register at the start of each academic year. Enrolment (the payment of fees and the undertaking to start study directed towards an examination occasion) must be completed not less than six months before the relevant date of examination;
  - c) candidates are required, as a condition of enrolment and maintaining registration with the University, to pay all tuition fees as may be required;
  - d) enrolment is by module, normally to a minimum value of 45 credits at any one time.
10. Examinations shall be held in Durham and other such centres approved by the University normally twice a year. Candidates must have completed enrolment for a module not less than five months prior to sitting an examination and/or submitting an assignment.
  11. Candidates will automatically be registered for assessment at the next ordinary occasion at the point of enrolment on a module, subject to the provisions of 10 above.
  12. Candidates will normally be permitted to take up to three modules via Durham-based Full-Time MA delivery and be assessed in accordance with the assessment specified in the relevant module outline(s).
  13. The Board of Examiners *may* permit a candidate who has failed up to two taught modules to register, or continue to be registered for, assessment in subsequent modules of the programme. Candidates will be required to be re-examined in the module(s), normally on the next ordinary occasion of the examination.
  14. Candidates who fail modules to the value of 45 or more credits must be re-examined in those modules, normally at the next occasion, before assessment in further modules is permitted. In such cases, candidates already registered for assessment in other modules may defer assessment to the next ordinary occasion without penalty.
  15. Candidates who fail to satisfy the requirements for the award of MA (i.e. who are awarded a fail in a module retake) will normally be permitted to progress and complete assessment in those modules for which they are already enrolled when the failed retake is confirmed. Candidates who have achieved, or who go on to achieve, the necessary credits shall be awarded a Postgraduate Certificate or Postgraduate Diploma as an exit qualification.
  16. Modules marked with a ~ must be passed at 50% or above; a mark of 40-49% cannot be compensated.
  17. Candidates who select a CFLS credit-bearing language module must select 185 credits in total.
