Assessment, progression and award

7. Candidates will normally submit the dissertation of not more than 15,000 words after attempting all core modules.

8. Candidates will automatically be registered for assessment at the next ordinary occasion at the point of enrolment on a module.
9. The Board of Examiners *may* permit a candidate who has failed up to two taught modules to register, or continue to be registered for, assessment in subsequent modules of the programme. Candidates will be required to be re-examined in the module(s), normally on the next ordinary occasion of the examination.
10. Candidates who fail modules to the value of 45 or more credits must be re-examined in those modules, normally at the next occasion, before assessment in further modules is permitted. In such cases, candidates already registered for assessment in other modules may defer assessment to the next ordinary occasion without penalty.
11. Candidates who fail to satisfy the requirements for the award of MSc (i.e. who are awarded a fail in a module retake) will normally be permitted to progress and complete assessment in those modules for which they are already enrolled when the failed retake is confirmed. Candidates who have achieved, or who go on to achieve, the necessary credits shall be awarded a Postgraduate Certificate or Postgraduate Diploma as an exit qualification.
12. Modules marked with a ~ must be passed at 50% or above; a mark of 40-49% cannot be compensated.
