

Durham University Faculty Handbook Online www.durham.ac.uk/faculty.handbook/

These programme regulations should be read in conjunction with the University's <u>core regulations for undergraduate programmes</u>, and the <u>marking and classification conventions for undergraduate programmes</u>.

BEng General Engineering (H103), BEng General Engineering with Year Abroad (H105)

1. This programme is available at Durham City, in a full-time mode of study.

Level 1 (Certificate)

2. Candidates shall study and be assessed in the following modules:

g		Credit value
Applied Mechanics	ENGI1091	20
Electromagnetism and Manufacture	ENGI1131	20
Thermodynamics & Fluid Mechanics	ENGI1111	20
Electronic Measurement	ENGI1141	20
Mathematics for Engineers and Scientists	MATH1551	20

3. Candidates shall also study and be assessed in modules to the value of 20 credits offered by any Boards of Studies (including appropriate credit-bearing language modules offered by the University's Centre for Foreign Language Study).

Level 2 (Diploma)

4. Candidates shall study and be assessed in the following modules:

		Credit value
Electronics	ENGI2181	20
Electrical Engineering	ENGI2191	20
Engineering Design	ENGI2201	20
Engineering Mathematics	ENGI2211	20
Mechanics	ENGI2221	20
Thermodynamics and Fluid Mechanics	ENGI2231	20

Level 3 (Degree)

EITHER (Civil Engineering Route)

5. Candidates shall study and be assessed in the following modules:

•	Diodic Talao
ENGI3311	20
ENGI3301	20
ENGI3341	20
ENGI3401	20
ENGI3262	40
	ENGI3311 ENGI3301 ENGI3341 ENGI3401

OR (Electronic Engineering Route)

6. Candidates shall study and be assessed in the following modules:

		Credit value
Electronics and Communications 3	ENGI3451	20
Advanced Computer Systems & Digital Electronics 3	ENGI3461	20
Control and Signal Processing 3	ENGI3391	20
Electrical Engineering 3	ENGI3371	20
BEng Engineering Project	ENGI3262	40

OR (Mechanical Engineering Route)

7. Candidates shall study and be assessed in the following modules

Candidates shall study and be assessed in the following modules:		
,		Credit value
Electrical Engineering 3	ENGI3371	20
Applied Mechanics 3	ENGI3411	20

Crodit value

Credit value

Cradit value

Thermodynamics and Fluid Mechanics 3 ENGI3291 20
Materials 3 ENGI3471 20
BEng Engineering Project ENGI3262 40

Assessment, progression and award

- 8. Professional Awareness in Engineering Course (PEAC). Although not part of the formal assessment of any module, attendance at this is compulsory for professional body accreditation of the degree.
- 9. An exemption has been given to the Core Regulations so that students who wish to progress to Level 2 of the MEng are required to achieve an average marks of 50% across all modules excluding the free choice open module studied at Level 1, with no mark for a module below 40%.
- 10. An exemption has been given to the Core Regulations so that students who wish to progress to Level 3 of the MEng are required to achieve an average mark of 60% across all modules at Level 2 with no mark for a module below 40%.

Year Abroad

- 11. Students admitted to the BEng General Engineering (H103) are able to apply to transfer to the BEng General Engineering with Year Abroad programme (H105). Students undertaking the BEng General Engineering with Year Abroad programme (H105) will undertake an approved exchange in an overseas university taking a course of study chosen in consultation with the School's exchange coordinator or their academic adviser and the host institution.
- 12. Candidates wishing to transfer to the BEng General Engineering with Year Abroad (H105) must:
 - a. have successfully completed Level 1 of the BEng General Engineering (H103) and progressed to Level 2 of the honours or Ordinary programme; and
 - b. during the first term of Level 2 study, apply via the School's exchange coordinator to the Board of Studies in the School of Engineering and Computing Sciences to be admitted to the BEng General Engineering with Year Abroad (H105) and have their application approved by the Board of Studies; and
 - c. secure an exchange opportunity with an approved international partner institution of the University; and
 - d. successfully complete Level 2 of the BEng General Engineering so as to be eligible to progress to Level 3 of the BEng General Engineering (H103) Honours programme.
- 13. The marks achieved by the student during the period of study abroad will not contribute to the marks for degree classification. Students who the Board of Examiners for Engineering deem to have made satisfactory progress on the year abroad will continue to Level 3 of the BEng General Engineering with Year Abroad (H105) programme. Students who have not made satisfactory progress on the year abroad will not be permitted to continue on the BEng General Engineering with Year Abroad (H105) programme, but must instead proceed to Level 3 of the BEng General Engineering (H103) programme.

Professional accreditation

- 14. This programme is accredited on behalf of the Engineering Council for the purposes of fully meeting the academic requirement for registration as an Incorporated Engineer and partially meeting the academic requirement for registration as a Chartered Engineer, depending on the route chosen in Level 3:
 - a. by the IET for students entering Level 1 up to and including October 2018 (Electronic Engineering and Mechanical Engineering routes);
 - b. by the IMechE for students entering Level 1 up to and including October 2018 (Electronic Engineering and Mechanical Engineering routes) provided a 2.2 degree classification or above is achieved;
 - c. by the JBM (ICE, IStructE, IHE, CIHT) for students entering Level 1 up to and including October 2018 (Civil Engineering route).
