

## **Durham University Postgraduate Modules Online**

www.durham.ac.uk/postgraduate.modules

Cradit value

These programme regulations should be read in conjunction with the University's <u>core regulations for postgraduate programmes</u>, and the <u>marking and classification conventions for postgraduate programmes</u>.

## MA Geography (Research Methods) (L8K507)

1. This programme is available at Durham City, in a full-time (12 months) or part-time (24 months) mode of study.

## Programme structure

2. Candidates shall study and be assessed in the following modules:

3. Candidates shall study and be assessed in modules to the value of 15 credits from List A (or 30 credits if meeting criteria† in point 3 above):

| List A   |                  | Credit value |
|--|------------------|--------------|
| Advanced Ethnographic Research                         | <u>ANTH47115</u> | 15           |
| Multilevel Modelling                                   | MATH43515        | 15           |
| Simulating Data in R                                   | ANTH47315        | 15           |
| Systematic Review                                      | EDUC46715        | 15           |
| Advanced Statistics for Psychology and the Behavioural | PSYC42315        | 15           |
| Sciences   |                  |              |
| Computational Social Science                           | SOCI44115        | 15           |
| Participatory Action Research                          | SOCI43715        | 15           |

## Assessment, progression and award

- 4. Candidates registered for the MA Research Methods who are in receipt of funding under the ESRC 1+3 Scheme will be considered for subsequent registration for the degree of PhD subject to successful completion of the MA programme and the meeting of all other ESRC requirements.
- 5. Modules Marked with a  $\sim$  must be passed at 50% or above; a mark of 40-49% cannot be compensated.
- 6. †Candidates with prior knowledge and understanding at an appropriate level (e.g. advanced undergraduate or equivalent) may take an alternative 15 credits from List A instead of EITHER (not both) modules marked†. If students do not take SGIA 49915 Quantitative Methods and Analysis, the alternative 15 credit module MUST be quantitative; if students do not take SOCI 58815 Qualitative Methods and Analysis, the alternative 15 credit module MUST be qualitative.
