

These programme regulations should be read in conjunction with the University's [core regulations for postgraduate programmes](#), and the [marking and classification conventions for postgraduate programmes](#).

MSc Energy Engineering Management (H1KG09) [First Intake in 2023/24]

1. Location: Durham City
2. Duration: 12 months (full-time) commencing in October [first intake in academic year 2023/24]

Admissions

3. A UK first or upper second class honours degree or equivalent in engineering or a related subject.
4. Relevant industrial experience will be taken into account as part of the admissions process.
5. English language requirements: Candidates whose first language is not English will normally be required to demonstrate proficiency in the English language by possessing a recent English language test score of 7.0 or above in IELTS (with no element below 6.0), or an equivalent qualification.

Programme structure

6. Candidates shall study and be assessed in the following modules:

		Credit value
Business and Engineering Systems	ENGI45220	20
Decarbonisation of Heating and Cooling	ENGI48615	15
Future Vehicles	ENGI47315	15
Strategic Business and Engineering Project ~	ENGI45360	60
Career and Professional Skills Development	BUSI4AS10	10
Environmental and Climate Economics	ECON40615	15
New Venture Creation	BUSI5C715	15

7. Candidates shall also study and be assessed in modules to a value of 30 credits from List A:

List A		Credit value
Society, Energy, Environment and Resilience	ANTH44515	15
Context and Challenges in Energy and Society	ANTH44630	30
Decision Science and Analytics in Energy Business Management *	BUSI4AV15	15
Renewable Energy Technologies	ENGI48015	15
Environmental Engineering	ENGI46715	15
Artificial Intelligence and Deep Learning	ENGI46415	15

Assessment, progression and award

8. Candidates must submit a Strategic Business and Engineering Project.
9. If a candidate fails a module, they will be given the opportunity to re-sit the relevant assessment(s), or a comparable piece of assessment if appropriate, at a time to be determined by the Department.
10. Project reports for ENGI 45360 are submitted in August, in advance of an oral examination before the end of August.
11. Modules marked (~) in the programme structure section must be passed at 50% or above; a mark of 40-49% cannot be compensated.
12. Modules marked with a * are not available in 2024-25.
13. A maximum of 20 credits may be compensated in the degree in line with the Engineering Council statement on compensation and condonement.
